Board's No. 4106.44.A.3. dated 12th October 1944.

From

A.F.W. Dixon Esq., C.I.E., I.C.S.,
Commissioner of Civil Supplies.

I. Rhys Jones Esq., I.C.S.,
Secretary to the Commissioner of Civil Supplies.

During the tour of the Commissioner of Civil Supplies in the South Kanara District in the latter half of September, 1944 the President of the South Kanara Central Co-operative wholesale Stores, requested the loan of the services of the following additional staff from the Co-operative Department to assist the Stores in the Procurement of foodgrains in the district during 1944-45, viz,

One Sub Registrar.
Two Senior Inspectors.
Four Junior Inspectors.

As it is desirable to strengthen the work of the Co-operative Stores, who act as Government's agents, the Board considers that the additional staff applied for is reasonable and necessary

p;t.o.

It would be in conformity with the general policy of the Government that they should meet the cost of the staff. The Board accordingly recommends that the additional staff may be sanctioned at the cost of the Government.

9349/44-S dated 27-11-1944.

REFERENCE:

The Board has consulted the Registrar of Co-operative Societies. He is of the opinion that though the South Kanara Central Co-operative Wholesale Stores will have a largely increased turnover as a result of acting as Government's agents in rice procurement and distribution in the district, it might not result in a proportionate increase in the net margin available to the stores owing to the increased establishment, contingent and maintenance charges, higher interest charges, larger premia towards fire and war risks insurance etc.

~~-2-~~

He recommends that the additional staff may be sanctioned at Government cost. A copy of his letter is submitted.

2. The revenue staff employed in the South Kanara District in connection with the procurement of the individual surpluses of producers is much less than in the other districts like Vizagapatam, Coimbatore, Ramnad, Trichinopoly, Tinnevely and even if the extra staff from the Co-operative department proposed is appointed procurement staff will be less in the South Kanara District than in the other six districts. The Board therefore supports the recommendation of the Registrar of Co-operative Societies and requests that the Government may be pleased to sanction at their cost one sub-Registrar of Co-operative Societies, two senior Inspectors and four junior Inspectors to assist the South Kanara Central Co-operative Wholesale Stores in the procurement of foodgrains and supervision of its staff during 1944-45.

Sub: Co-operative Societies - Establishment of The South Kanara Central Co-operative Wholesale Stores - additional staff for the supervision of the procurement scheme

Ref: 1. Development Memo.No.60133-F.11/44-2 dated 25-10-1944
2. Bd's Ref:No.4106/44-A.3.5 (Civil Supplies) d/2-11-44

The proposal contained in the Government memorandum cited, was considered by the Executive Committee of the South Kanara Central Co-operative Wholesale Stores on 19-11-1944 and the committee has resolved to request the Government to bear the entire cost of the additional staff proposed to be appointed for the supervision of the scheme of procurement of paddy and rice in the South Kanara District. I enclose a copy of the resolution of the Executive Committee together with the covering letter of the president.

The Wholesale stores has already taken the services of one Senior Inspector and one Junior Inspector on foreign service to work as the Executive Officer and the Manager of the stores. Besides this, it has taken the services of 6 Senior Inspectors and 4 Junior Inspectors under Fundamental Rule 127 for auditing the accounts of the Head Office and the 130 odd branches so far opened by it. A Senior Inspector under Fundamental Rule 127 cost the stores about Rs.140/- per mensem and a Junior Inspector about Rs.100/-. The representation of the stores that in addition to the cost of its managerial and audit staff, it cannot bear even a portion of the cost of the supervisory staff appears justifiable and deserves sympathetic consideration.

Though the transactions this year are bound to increase, it will not result in a proportionate increase in the net margin available to the stores. The Establishment and contingent charges of the stores and the cost of maintaining over 130 derots would also proportionately increase. It will have to meet higher interest charges and pay larger premia towards fire and war risks insurance.

I therefore suggest that the Board may be pleased to recommend to Government that the additional staff applied for by the Collector may be sanctioned at their cost.

Further, the loan of services of five more senior Inspectors was also applied for in this office letter No.293/44-F-2 dated 3-11-1944 to the Deputy Registrar.

Although this ~~is~~ undoubtedly having a huge turnover a result of the ~~procurement~~ Scheme, it has to be pointed out that the margin allowed by the Collector is the barest minimum on the one hand, while the expenditure to be set off against this under increased establishment, godowns, interest charges on heavy borrowings, and last but not at all the least insurance charges against risks of fire and war happens to be ever on the increase.

The S.C.C. Bank Ltd., Mangalore to which this stores looks for its financial accommodation has just now enhanced the rate on its lending to the stores from 4% to 4½ and the stores has also to pay half a percent on the withdrawals from the Bank towards agency remuneration. In order to better the conveniences of these in far off villages delivering stocks of rice, new reception depots have had to be opened and the total No. of depots now runs to 135 in addition to 70 Sub-Depots. We have a staff of 8 depot Inspectors who cost about Rs.300 per month. The commitments being huge and the margin allowed being meagre, it cannot be reasonably expected that this stores can meet even a fraction of the cost of the additional staff contemplated in the Government Memorandum. Therefore the Deputy Registrar may be pleased to recommend the appointment of the special staff at Government cost.

H.C.1736-44-H dated 13-11-1944 of the Deputy Registrar calling for the views of the stores on the Government Memo.60133-F-II/44-2 dated 25-10-1944 in connection with grant of additional staff for the stores.

RESOLUTION.

In view of the present small margin of profit on which the stores has to work and the heavy establishment charges, it is unable to bear further recurring expenditure and this committee requests that the entire cost may be borne by the Government.

With reference to the suggestion made by D/S. on page 2 above, the Registrar of Co-operative Societies who was consulted by the Board in the matter, considers that though the stores may have a large ~~ly~~ increased in the turnover, it might not result in a proportionate increase in the net margin available to the stores, owing to the increased establishment charges and other charges incurred by it and recommends that the additional staff may be sanctioned at Govt. cost. The Board supports the above recommendation. In this connection please see also the Resolution of the Executive Committee of the stores and the covering letter of the President on pp. 11-12 C.F. The mere statement that the increased turnover will not result in a proportionate increase in the net margin is not ~~convincing~~ ^{convincing}. The Registrar has not stated as to what additional profits were made by the stores for the co-op. year ending June 1944, on account of Govt. transactions. It would have helped Govt. to see whether there is a case for rendering any financial help to the stores. This department may ^{therefore} suggest that the cost of the staff, together with the

The proposal is to sanction the lending of the services of a Sub-Registrar of Cooperative Societies, Two Senior Inspectors of Cooperative Societies and four junior Inspectors of Cooperative Societies, to the S. Kanara Central Cooperative Wholesale Stores for work connected with the procurement of food grains in the S. Kanara district. The Registrar of Cooperative Societies and the Board of Riv(s) consider that the services of the Staff may be lent free of cost. ~~But~~ With reference to the suggestion of Finance, it is ^{however} proposed to order the recovery of the cost of the Staff from the Stores, initially, ~~and subsequently~~ ^{leaving it to} the Stores to ask for ~~reimbursement~~ reimbursement in case the extra profits made by the Stores are not sufficient to cover the cost of the Staff. The cost of the Staff works out roughly to Rs 9000 p.a. The same may therefore be circulated to all the Advisers and H.E. for orders. May be approved Staff order may if possible. The Staff is not likely to be required for more than 3 months.
